

Brehmer

GROW WITH CONFIDENCE.

HOG EQUIPMENT

Stainless Steel Feeding
and Watering Solutions

BUILDERS OF QUALITY HOG PRODUCTS SINCE 1982.

For 35 years, Brehmer Mfg. was a contract manufacturer for various well-known feeder brands. Through our years of experience, we discovered areas where those feeders could be improved. So, in 2017 we took the leap and developed our own line of pork production equipment, including two different feeders.

Brehmer Mfg., Inc. fabricates high-quality, wet/dry paddle and tray feeders to serve your pork production needs.

We know feeders because our Product Specialists are growers. We test all products in our operations so you can count on a Brehmer Feeder's durability and usability.

Brehmer Mfg. is a family-owned business with a dedicated barn to test our products. Designing with constant innovation, Brehmer builds all products to fit your specifications using 304 stainless steel.

This is why we're a leading hog equipment manufacturer.

Find out how Brehmer Mfg., Inc. can boost your hog growing operation with feeding and watering solutions for every stage of development.

PT Feeder

PATENTED

Edstrom

Available in six different heights:

- 30"/31"
- 35"/36"
- 40"/41"

FEATURES:

- Designed for wean-to-finish, no separate piglet feeder needed
- Minimal, to no management
- Anti-clogging
- Drop tube holders available
- Hemmed and bent edges for bio-security and pig safety
- Edstrom nipples
- Rigid 304 stainless steel construction
- End wedges direct feed toward pan
- Feed Saver End Caps improve tray movement
- 14 gauge tray
- Water tube is made from one solid piece, no elbows
- Variety of gate mounting hole patterns
- Integrated gruel pan

OPTIONS:

- Can be ordered as a dry or wet/dry feeder
- Fast Alley or standard models
- Pan 1" off-floor or on-floor
- Multiple pan drain options
- Custom anchor options
- Custom sizes available
- Feed Hopper Split Divider

Nipple Bar

Nipple Bar waterers from Brehmer allow piglets to successfully wean onto wet/dry feeders. As a result, it's a great addition to any hog equipment set up.

FEATURES:

- 304 stainless steel construction
- E-Z Pull quick latches
- Double or single-sided models available

OPTIONS:

- Double or single sided
- Custom lengths available
- Edstrom or Koca nipples
- Ceiling Hanger Brackets

Edstrom

Water Cups

Water cups with nipple supply are great for wean-to-finish applications. The Brehmer Water Cup is the perfect supplementary water system for a dry feed system.

FEATURES:

- 304 stainless steel construction
- Edstrom nipples

OPTIONS:

- Double or single cups

Edstrom
